

**Activities that can have a higher number of attendees with pre-event testing<sup>1</sup>**

Activity	Maximum number of attendees without pre-event testing	Maximum number of attendees with pre-event testing
<b>Weddings<sup>2</sup></b>	<b>Number of attendees (including bride and groom)</b>	<b>Solemnisation only</b>
	<b>Wedding reception or combined solemnisation-with-reception</b>	
	1-100	Pre-event testing not required
	101-250	Pre-event testing required only for bride and groom (if unvaccinated)
<b>Live performances</b>		
<b>Pilot business-to-business events</b>	250	750
<b>Pilot spectator sports events (seated)</b>		

<sup>1</sup> Vaccinated individuals can gain entry to events that implement pre-event testing without the need to undergo pre-event testing, by presenting relevant documentation. The maximum number of attendees includes these vaccinated individuals.

<sup>2</sup> Wedding couples need not have the same number of attendees for both their solemnisations and receptions, e.g. they can have a solemnisation with 250 persons and a wedding reception with 100 persons and be subject to the pre-event testing requirements for the respective categories.
